Contact Details for communication

1. Name :
2. Designation: EXECUTIVE OFFICER ,
3. Address Jharsuguda Municipality, Jharsuguda, Odisha
4. E mail: jsgmunicipality@yahoo.com
5. **Objectives**

The key objective of this project is to establish a collaborative framework where input from local sources will get monitored at a central location for effective monitoring and enforcement of traffic rules of the town. The project is to be implemented by Jharsuguda municipality and used by Jharsuguda Police, Odisha. Information received in the Command and Control System further will have to convert to actionable input, which will be communicated to relevant stake holders and citizens in a coordinated and collaborative manner. The main objective of the solutions is to provide a simple, robust system which will provide desired outputs.

The key outcomes expected to be achieved by the proposed system are as follows.

- a. Efficient traffic management through reading of number plates of traffic violators.
- b. Enhanced safety and security for vehicles/persons on the road.
- c. Better management of traffic utilities and quantification of services to the public.
- d. Better Public address system.
- e. Efficient contact of the public with the police control room.
- f. Improved Efficiency in public management through body cameras.
- g. Capable of integrating and controlling remote intersections cameras with the control room.
- h. System should be scalable and in future it should be possible to get integrated with the other such systems inside and outside the district as and when those come up.
- i. Must be capable of interacting with a modern CCTV surveillance system in future.
- j. At the time of issuing the work order the scope and extent of work would be optimized to ensure that the work is executed with the available funds.
- k. The Bidder shall have to submit the bid documents duly filled up along with attested photo copies of qualifying documents as indicated in eligibility criteria and the bidders shall have to produce original documents during the technical evaluation as per eligibility criteria if required for verification and the same by the tender committee before opening of the price bid of the tender.
- l.

To meet the objective following system is proposed

1. Smart Control center with software capability for hot standby of server operation
2. Traffic signaling system.
3. Automatic Number plate detection system
4. CCTV camera surveillance system
5. Public address and contact system for distressed persons.
6. Dedicated Wired connectivity network

Solution Components & services overview

The selected BIDDER shall successfully execute and implement the proposed traffic management project as per the scope of work detailed in the EOI document. Any functionality not expressly stated in the document but required to ensure successful operations of the system shall essentially be under the scope of BIDDER and for that no extra charges shall be admissible. BIDDER shall deliver the systems and components as per the techno functional specification as per the Annexure – A. BIDDER's scope of work shall include but will not be limited to the following broad areas.

1. Assessment, Scoping and Survey Study: Conduct a detailed assessment, survey and scoping study and develop a comprehensive and detailed project implementation plan.
2. Set up a dedicated wired secure, stable network to provide Network connectivity within the city and the other locations specified in the bid document for the items mentioned in this Volume of the EOI.
3. Conduct site survey for finalization of detailed technical architecture, final Bill of Quantities and project implementation plan.

4. Conduct Site Surveys to identify the need for the site preparation activities.
5. Design, Supply, Configuration, Installation, Implementation, Testing and Commissioning of the components/systems as mentioned in the BOQ.
6. It may be necessary to provide viewing and recoding rights at specified remote stations in future.
7. The bidder will provide special field enclosures for mounting UPS, Switches, and other components with cooling arrangements as per the requirements of the environment in the area of operation.
8. The bidder will have to make necessary survey to provide dedicated secured network for
 - Cameras (In case of network failure, local storage should be available in the camera end and auto synchronization should happen when network resumes).
 - Traffic Management System
 - Public Management System with Public address facility
 - Body cameras for personnel deployed at sites.
 - The bidder will have to handover operational manuals, training documents and support during warranty and comprehensive maintenance support. BIDDER should have their local office setup in the city or in nearby locations for smooth warranty operation. BIDDER will get additional weightage during evaluation if already having an experience in working on similar type of work for Police department in the state

Bidder will have to specify the assured operational service level in the bid and must state the optimal response time for restoring any defect in any item or interruption in service. This same will be discussed during the acceptance of the bid and will be included in the agreement as accepted SLA (SERVICE LEVEL ASSURED).

Note:

- a. The requirement of cable and poles are on rough estimation only. The bidder must reconfigure this and can explain any deviation during power point presentation at the time of technical evaluation and mention it in its price bid..
- b. Rates exclusive of taxes are to be quoted for supply, installation and commissioning including cost of material, service charges and all other cost required to complete the same.
- c. In respect of the evidence required by the Police Administration, the proposed solution must be able to store the data of 30 days. Accordingly, the storage capacity should be calculated and submitted as an extra sheet in the technical bid..
- d. Network and Connectivity: — All the surveillance equipment must be connected in network, so that the video feeds are available at data center as well as viewing centers 24X7.
- e. Bidders should note that they must take a close look at the specifications and the approved OEMs mentioned in Annexure A. In case a particular product of an approved OEM is not meeting the specification of the item then the bidder is free to quote an item having better/higher specification but from an approved OEM only. In no case will the item of a lower specification from even an approved OEM will be considered. Material from OEMs not mentioned in the specification list will not at all be considered.

Submission of Tender / EOI

The bids in response to the EOI is to be submitted on line in two bid system . (Technical Bid , Financial Bid.

Note:

1. The Tender Inviting Authority (TIA) reserves all the rights to accept or reject any tender application without assigning any reason whatsoever.
2. Bidders must produce original documents for verification whenever the Tender Committee may ask for.
3. Tenders will be summarily rejected if any item is missing.
4. Necessary deduction i.e GST, IT, CESS etc. Will be made as per relevant Govt. order at the time of release of payments.

Technical cover must contain the following documents,

1. Up to date Professional Tax (PT) Clearance receipt
2. PAN,
3. Up to date Income Tax Return receipts valid as on the date of opening of the tenders. Application for such clearance addressed to the competent authority may also be considered.
4. Upto date GST Registration Certificate and up to date valid Return Certificate.
5. Registered Deed for Partnership Firm.
6. Work Order and Work Completion Certificate.
7. Up to date audited balance sheet.
8. Experience profile should be furnished in given format in Annexure- B.

THE ABOVE MENTIONED NON- STATUTORY /TECHNICAL DOCUMENTS SHOULD BE ARRANGED IN THE FOLLOWING MANNER

Sl.No	Category Name	Sub Description	Category	Details
A.	CERTIFICATES	CERTIFICATES (ALL CERTIFICATE SHOULD BE UP TO DATE)		1. GST Registration Certificate 2. PAN Card 3.P Tax Registration Certificate 4.Income Tax Returns
B.	COMPANY DETAILS	COMPANY DETAILS		1. Proprietorship Firm(Trade License) 2.Partnership Firm (Partnership Deed, Trade License) 3.LTD. Company (Registration Certificate, Trade License) 4.Power of Attorney (In case of authorised signatory submitting the bid)
C.	CREDENTIAL	CREDENTIAL		1. Completion Certificate for Similar Nature of Work Done as mentioned in the section under "Eligibility of Bidders"

NOTE: FAILURE OF SUBMISSION OF ANY ONE OF THE ABOVE –MENTIONED DOCUMENTS WILL RENDER THE TENDER LIABLE FOR REJECTION.

B. Financial Proposal:

i) The Financial proposal should contain the Bill of quantities (BoQ). The contractor is to quote the rate (item wise against the total items mentioned in the BOQ), Total cost of the intended job must be mentioned though price bidding in the space marked in the BOQ for quoting Rate .

ii) Only signed copies of the above documents are to be submitted.

iii) If Bidder wishes to submit any other prospective Plan and arrangement he can do so with a special cover . But the TIA will have the final decision on whether to open it or accept it.

Penalty for suppression / distortion of facts:

If any Bidder fails to produce the Original hard copies of the documents or any other documents on demand of the Tender Inviting Authority (TIA) within a specified time frame or if any deviation is detected in the hard copies or if there is any suppression of facts , the Tenderer will be suspended from participating in the tenders for a period of 3 years. In addition, his user ID will be deactivated , and it will stand forfeited. Besides, the Tender Committee may take appropriate legal action against such defaulting Bidder.

Earnest Money Deposit (EMD): An amount not less than 2 % of the Bid value must be submitted as EMD by on line system of bidding.

Rejection of Bids

Bids may be rejected for any of the following reasons.

1. Deviations from instructions mentioned in the EOI.
2. Bids of ineligible bidders
3. Bids that do not carry all the documents as mentioned in the EOI notification.
4. Bids without the cost of documents and EMD.
5. In addition the TIA (Tender inviting authority) reserves the right to accept or reject any bid, to cancel the bidding process and to reject all bids at any time prior to the award of contract without assigning any reason and without there by incurring any liability to the affected Bidders or without any obligation to inform the affected Bidders.

6. Award of Contract

The Tenderer whose Bid has been accepted will be notified by the Tender Inviting Authority. The notification of award will constitute the formation of the Contract. The Agreement in Municipal Tender Form will incorporate all the required documents, **special clauses and** include all its addenda & corrigenda, the bid application and Financial Offer on Bill of Quantities(BOQ). The agreement will be executed between the Tender Inviting Authority and the successful Tenderer. In case of online submission of bids the Tender Inviting Authority may ask for submission of the hard copy of all the uploaded documents of all eligible Tenderers along with original, before awarding contract.

7. Formalities

During execution if any approval from any competent authorities is required the same has to be obtained by the tenderer / agency at its own cost and effort.

8. **Specification(See Annexure A)**

Before quotation of rate the tenderer should inspect the site and get fully acquainted with all physical and technical parameters related to the successful completion of the work.

9. **Submission of Accurate DPR**

The successful bidder will have to submit the complete Detailed Project Report (DPR) with exact BOQ and other details such as layout maps and other technical details to the TIA. This will be checked and verified by the user before acceptance and any suggestion for modification will have to be included in the DPR.

10. **Mode of Payment**

Payment will be made by the Municipality office as per the approval of the available fund for the respective project.

11. **Security Deposit**

The successful bidder has to submit the Performance Security Deposit amounting to 5% (Five percent) of the bidding value of the work in form of Bank Guarantee prior to signing of the agreement.

12. **Warranty**

All the items of this tender should be under warranty for 36 months with further commitment of Comprehensive maintenance for two more years if the customer so wishes.

13. All disputes will be settled within the jurisdiction of the Court of Jharsuguda.

14. **Supplementary / Additional items of Works:**

Notwithstanding the provisions made in the related printed tender form, any item of work which can legitimately be considered as not stipulated in the specific price schedule of probable items of work but has become necessary as a reasonable contingent item during actual execution of work will have to be done by the Contractor, if so directed by the Engineer-in-Charge and the rates for that will be fixed in the manner as stated below-

(a) Rate of Supplementary items shall be analyzed in the 1st instance as extended from the rates of the allied items of work appearing in the tender schedule.

(b) If the rates of the supplementary items cannot be computed even after application of clauses stated above, the same shall be determined by analysis from market rates of material, Labour and carriage cost prevailing at the time of execution of such items of work. Profit and overhead charges (both together) @ 10% (ten percent) will be allowed only. The contractual percentage will not be applicable.

(c) Black market rates shall never be allowed.

(d) It may be noted that the cases of supplementary items of claim shall not be entertained unless supported by entries in the Work Order Book or any written order from the tender accepting authority.

15. **Technical Evaluation Sheet:-**

Sl No.	Documents	Marks
1	Valid Registration & clearance certificates	10
2	Registered ISO certified MSME Unit	10
3	Executed such projects for police deptt anywhere (only orders directly received from the police department or a related state government agency such as municipalities/NAC will be considered. Orders from PSUs will not be considered as valid)	10
4	Executed similar project in Odisha and meeting the requirements in point 3 above	10
5	Cumulative Annual Turnover of minimum 5.00cr for last 3 years (2019-20 to 2021-22)	10
6	Experience in installing Integrated Traffic management system and CCTV surveillance system.	10
7	The bidder must have completed similar nature of work costing minimum Rs.100.00 lakhs for any single customer in last 5 Financial years.	10
8	Presentation (Maximum 10 Minutes)	30
	Total	100

Note: The bidder has to secure minimum 70 marks out of 100 for qualifying the Technical evaluation .

16. **Cost of Bidding:-**

The bidder will bear all costs associated with the preparation & submission of its bid & the authority will in no event or circumstance be held responsible or liable for these costs.

17. **Amendment of Tender Documents:-**

At any time before the deadline for submission of bids, the authority may, for any reason where at its own initiative or in response to a clarification requested by a prospective bidder, modify the tender documents by amending, modifying or supplementing the same. Any amendment or modification in the tender

document would be published in the same web site : www.Jharsuguda.nic.in where the notice for EIO will be published. Bidders are requested to visit the site regularly for such kind of updates.

18. Site Visit:-

The bidder may wish to visit & examine the sites of the Project & obtain for itself, at its own responsibility & risk, all information that may be necessary for preparing the bid and entering into the contract. The Cost of Visiting the site(s) shall be borne by the bidder, Tendering authority will not responsible to schedule/coordinate with the client for the bidders site visit and details assessment of the requirement.

19. Eligibility criteria for participation in tender:

The technical evaluation will be done on the following parameters and offers from firms not conforming to any of these parameters will be rejected.
